

PATIENT POSITIONING STRAPS

Alleset's patient positioning straps combine comfort and safety in an affordable package. The portfolio offers a versatile array of disposable, single patient use products for general to procedure specific applications

Developed for use in acute, alternate site and long-term care, our straps are designed to help you feel secure with your patient positioning needs.

KNEE AND BODY STRAPS

- Constructed with durable hook and loop closures and ring attachments
- Soft, yet strong material utilizes various fabric technologies to meet end-user needs
- Ideal for use with OR tables and gurneys
